We shoot mostly throughout Isle St. Louis to Notre Dame, bridges along the Seine, St. Michel, Pont Neuf, Le Louvre, place de la Concorde, place Vendome... Please note that the Eiffel tower would require transportation, which would be an additional €10 for a taxi.

We are highly skilled and very efficient, so that you and your partner get the most out of your portrait session.

The whole process is intended to be fun and relaxed, and best thought of as a romantic stroll for both of you to enjoy.

## Video Services

Our wedding documentary films invoke the same poetic sensibility as our still images. Each film is a fusion of digital, audio, stills, (and super 8mm on option if desired). Our goal is to produce a film that is unlike other wedding videos focusing primarily on the emotion of the day.

One videographer documents your elopement, in a personal, fun and informal style producing classic and elegant footage with the city of light in the background.
