“My fiancé hired Olivier to capture our engagement in Paris. Words cannot explain how thankful I am that we now have images to remember that special day!

In just 3 hours, Olivier took over 100 pictures – all of which are beautiful. He had a great sense of humor and was very easy to work with. All the pictures looked very natural, mainly because he just let my fiancé and I enjoy the moments without interfering much and snapped pictures along the way in a fun manner.

We are currently planning our wedding in Paris and will definitely, without hesitation, want to hire Olivier for it!”

A couple is walking on a stone bridge in Paris. The woman is wearing a grey dress and black heels, and the man is wearing a grey suit and black shoes. They are walking towards the right. In the background, there are trees and the Eiffel Tower. The sky is overcast.

Olivier is highly skilled and very efficient, so that you and your partner get the most out of your portrait session. The whole process is intended to be fun and relaxed, and best thought of as a romantic stroll for both of you to enjoy.

We can recommend hair and make-up professionals if necessary, as well as a car service and gown retails. We are connected to some of the most skilled vendors the city has to offer.
